A

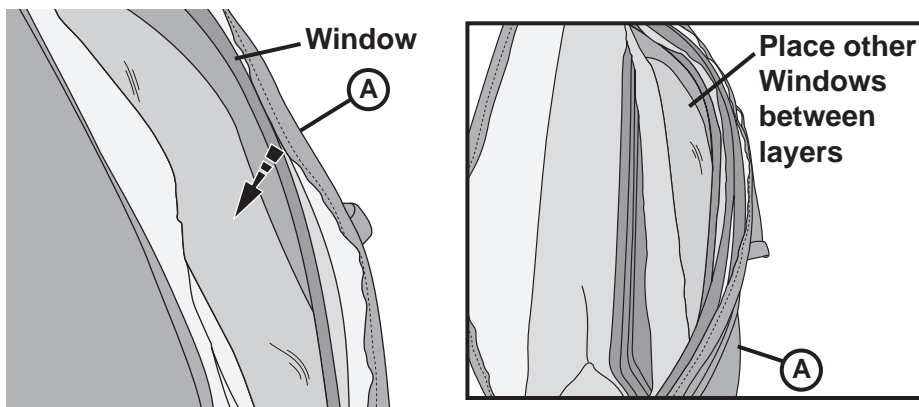

Orient a half door with the legs up and place it in the rear compartment of the bag.

1

Wrap protective cover over half door. Orient the second half door with the legs down and place it in next compartment.

2

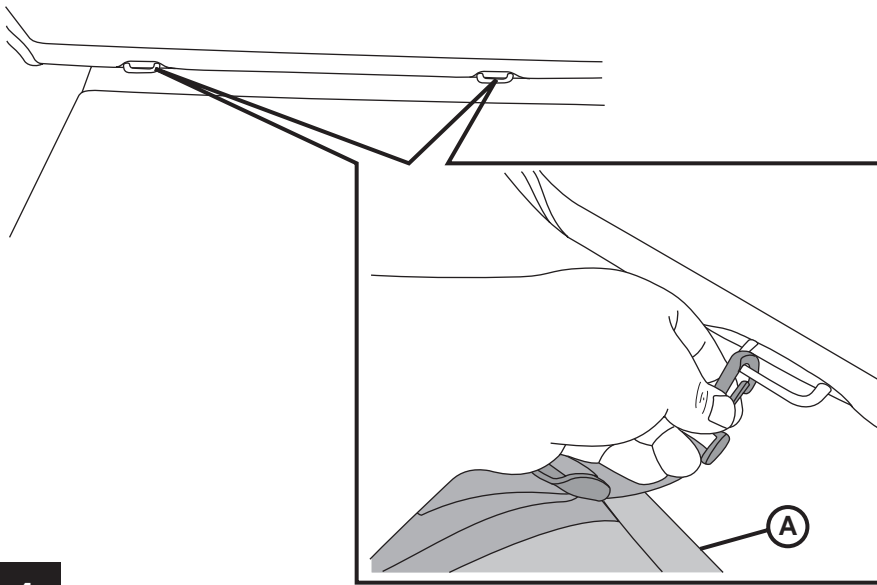

Place a window in the next compartment. It will bow out around the doors.

Repeat with the remaining windows.

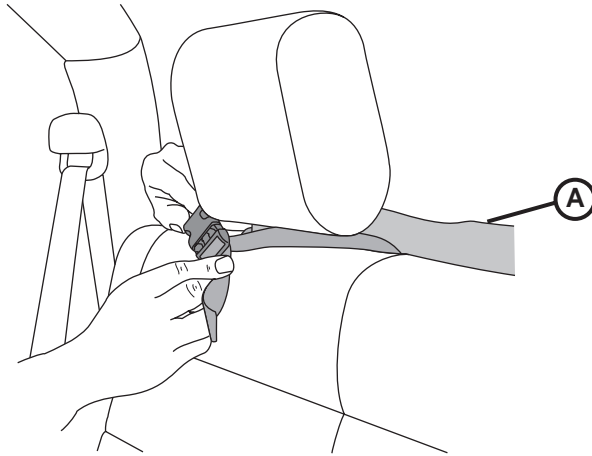

Close the zippers.

3

Hook the two hooks on the bottom of the bag to the child restraints on the bottom of the rear seat.

4

Hook the two straps on the top of the bag around the headrests on the rear seat and fasten the buckles.
