If vehicle is equipped with both Driving and Roof Mounted lamps, to operate the lights with one switch (Item C). Use Item A from Driving Lamp Kit (82210715A*) and use Item D from Roof Mounted Lamp Kit (82210877A*).

Si el vehículo está equipado con luces en el techo y para conducción normal, para el funcionamiento de las luces (artículo C): utilice el artículo A del Equipo de luces de conducción (82210715A*) y utilice el artículo D del Equipo de luces montadas en el techo (82210877A*).

Si le véhicule est muni des phares de conduite et des phares montés au toit, pour activer les phares (élément C). Utilisez l'élément A de la trousse du Phare de conduite (82210715A*) et utilisez l'élément D de la trousse du Phare monté au toit (82210877A*).

Wenn das Fahrzeug sowohl über Fahr- als auch Dachleuchten verfügt und Sie die Leuchten über denselben Schalter (Einheit C) betätigen möchten benutzen Sie Einheit A vom Fahrleuchtsatz (82210715A*) und Einheit D vom Dachleuchtsatz (82210877A*).

Se il veicolo è equipaggiato, sia con i fari di profondità, sia con i fari per tettuccio, per azionare le luci usare l'articolo C. Usare l'articolo A dal kit del faro di profondità (82210715A*) e usare l'articolo D (82210877A*) dal kit del faro per tettuccio.

Note: If the customer wants separate switches, dealer must find the second location (MOPAR not defined) and install both complete kits.

Nota: Si el cliente solicita interruptores separados, el distribuidor debe encontrar la segunda ubicación (no determinada por MOPAR) e instalar completamente ambos equipos.

Remarque : Si le client souhaite des interrupteurs séparés, le concessionnaire doit trouver le deuxième emplacement (le MOPAR n'est pas défini) et installer les deux troussees complètes.

Achtung: Wenn der Kunde getrennte Schalter wünscht muss der Händler eine andere Stelle finden (durch MOPAR nicht festgelegt) und beide Sätze installieren.

Nota: se il cliente desidera gli interruttori separati, il concessionario deve trovare la seconda posizione (MOPAR non definita) e installare entrambi i kit completi.
