NOTE: 10way and 22way connectors must be disconnected from external HFM/UConnect module after installing the MyGig navigation radio. UConnect module does not work with MyGig navigation radio. MyGig NAV radio has built-in HFM. UCI /iPod feature will not operate after installing MyGig navigation radio.

IMPORTANT NOTES - NOTAS IMPORTANTES - REMARQUES IMPORTANTES - WICHTIGE INFORMATIONEN - OSSERVAZIONI IMPORTANTI

82211868 MANUAL MIRROR REPLACEMENT - WIRE KIT

For vehicle equipped with a Manual Mirror, replace with a Dual Microphone Mirror, and use "A" and "C" wire harness.

82211868 SUSTITUCIÓN DE ESPEJO MANUAL – KIT DE CABLES

Si el vehículo está dotado con Espejo Manual, sustituya con un Espejo de Doble Micrófono y utilice el arnés de cables "A" y "C".

82211868 JEU DE CÂBLE DE REMPLACEMENT POUR MIROIR MANUEL

Pour véhicules munis d'un miroir manuel, remplacez par un miroir à microphone double et utilisez les faisceaux de câbles « A » et « C ».

82211868 ERSATZSPIEGEL; MANUELL - - KABELSATZ

Für Fahrzeuge mit manuellem Spiegel ersetzen Sie den Spiegel mit einem Doppelmikrofonspiegel und verwenden Sie Kabelsätze "A" und "C".

82211868 SOSTITUZIONE RETROVISORE INTERNO MANUALE - KIT CABLAGGIO

Per i veicoli equipaggiati con retrovisore interno manuale, sostituire quest'ultimo con il retrovisore interno a doppio microfono, e usare il cablaggio con i cavetti "A" e "B".

82211868 SUSTITUCIÓN DE ESPEJO MANUAL – KIT DE CABLES

Si el vehículo está dotado con Espejo Manual, sustituya con un Espejo de Doble Micrófono y utilice el arnés de cables "A" y "C".

82211868 AUTO DIM MIRROR REPLACEMENT - WIRE KIT

For vehicle equipped with a Auto Dim mirror, replace it with a Dual Microphone Mirror, and use "A" wire harness.

82211868 SUSTITUCIÓN DE ESPEJO DE REGULACIÓN AUTOMÁTICA DE ATENUACIÓN – KIT DE CABLES

Si el vehículo está dotado con Espejo de Regulación Automática de Atenuación, sustituya con un Espejo de Doble Micrófono y utilice el arnés de cables "A".

82211868 JEU DE CÂBLE DE REMPLACEMENT POUR MIROIR AUTOMATIQUE

Pour véhicules munis d'un miroir automatique, remplacez par un miroir à microphone double et utilisez le faisceau de câbles « A ».

82211868 ERSATZSPIEGEL MIT AUTOMATISCHER HELLEKEITSREGULIERUNG - KABELSATZ

Für Fahrzeuge mit einem automatisch regulierten Spiegel ersetzen Sie den Spiegel mit einem Doppelmikrofonspiegel und verwenden Sie Kabelsatz "A".

82211868 SOSTITUZIONE RETROVISORE INTERNO ELETTROCROMATICO - KIT CABLAGGIO

Per i veicoli equipaggiati con retrovisore interno elettrocromatico, sostituire quest'ultimo con il retrovisore interno a doppio microfono, e usare il cablaggio con il cavetto "A".

82211868 SUSTITUCIÓN DE ESPEJO DE REGULACIÓN AUTOMÁTICA DE ATENUACIÓN – KIT DE CABLES

Si el vehículo está dotado con Espejo de Regulación Automática de Atenuación, sustituya con un Espejo de Doble Micrófono y utilice el arnés de cables "A".

82211666 DUAL MICROPHONE - WIRE KIT

For vehicle equipped with a dual microphone mirror, use "B" wire harness.

82211666 DOBLE MICRÓFONO - KIT DE CABLES

Si el vehículo está dotado con espejo de doble micrófono, utilice el arnés de cables "B".

82211666 JEU DE CÂBLE POUR MICROPHONE DOUBLE

Pour véhicules munis d'un miroir à double microphone, utilisez le faisceau de câbles « B ».

82211666 DOPPELMIKROFON - KABELSATZ

Für Fahrzeuge mit Doppelmikrofonspiegel verwenden Sie Kabelsatz „B“.

82211666 DOPPIO MICROFONO - KIT CABLAGGIO

Per i veicolo equipaggiati con retrovisore interno a doppio microfono, usare il cablaggio con il cavetto "B".

82211666 DOBLE MICRÓFONO - KIT DE CABLES

Si el vehículo está dotado con espejo de doble micrófono, utilice el arnés de cables "B".

NOTE: 10way and 22way connectors must be disconnected from external HFM/UConnect module after installing the MyGig navigation radio. UConnect module does not work with MyGig navigation radio. MyGig NAV radio has built-in HFM. UCI /iPod feature will not operate after installing MyGig navigation radio.

NOTA: Deben desconectarse los conectores de 10 vías y de 22 vías del módulo HFM/UConnect después de instalar la radio navegación MyGig. El módulo UConnect no funciona con la radio navegación MyGig. La radio navegación MyGig tiene un HFM integrado. Las funciones UCI /iPod no funcionarán después de instalar la radio navegación MyGig.

REMARQUE: Après le raccordement du poste de navigation MyGig, vous devrez débrancher les connecteurs à 10 et à 12 voies du module externe HFM/Uconnect. Le module UConnect et le poste de navigation MyGig ne fonctionnent pas ensemble. Le poste MyGig Nav a son propre HFM intégré. Après l'installation du poste de navigation MyGig, l'option iPod de l'UCI ne fonctionnera plus.

ACHTUNG: 10polige und 22polige Stecker müssen nach der Installation des MyGig Navigationsradios vom externen HFM/UConnect Modul entfernt werden. Das UConnect Modul ist mit dem MyGig Navigationsradio nicht kompatibel. MyGig NAV verfügt serienmäßig über HFM. Die UCI /iPod-Funktion ist nach der Installation des MyGig Navigationsradios nicht mehr möglich.

NOTA: Dopo l'installazione dell'autoradio-navigatore MyGig, scollegare i connettori a 10 e 22 vie dal modulo HFM/UConnect esterno. Il modulo UConnect non è compatibile con l'autoradio-navigatore MyGig. L'autoradio MyGig NAV è dotata di HFM integrato. Dopo l'installazione dell'autoradio-navigatore MyGig, la funzione UCI/iPod verrà disattivata.

STARSCAN PROCEDURES FOR 82211666

Connect the STARSCAN tool to the vehicle, follow steps below:

IN THE INITIAL START UP SCREEN

- PRESS ----- **VEHICLE PREPARATION**
 - TOGGLE DOWN AND HIGHLIGHT ----- **PROGRAM NETWORK CONFIGURATION**
 - PRESS ----- **START**
 - PRESS ----- **NEXT>**
- SELECT HFM AND PRESS REMOVE.
- PRESS ----- **NEXT>**
 - PRESS ----- **FINISH**

Conecte la herramienta de diagnóstico STARSCAN al vehículo, lleve a cabo los siguientes pasos:

EN LA PANTALLA DE INICIO

- OPRIMA ----- **VEHICLE PREPARATION**
 - DESPLACE HACIA ABAJO Y SELECCIONE -- **PROGRAM NETWORK CONFIGURATION**
 - OPRIMA ----- **START**
 - OPRIMA ----- **NEXT>**
- SELECCIONE HFM Y OPRIMA REMOVE.
- OPRIMA ----- **NEXT>**
 - OPRIMA ----- **FINISH**

Reliez l'outil STARSCAN au véhicule et suivez les étapes ci-dessous:

À LA FENÊTRE DE DÉMARRAGE INITIAL

- TOUCHEZ ---- **PRÉPARATION DU VÉHICULE**
 - À L'AIDE DE LA SOURIS, SURLIGNEZ ---- **PROGRAMMATION DE LA CONFIGURATION DU RÉSEAU**
 - APPUYEZ SUR --- **DÉMARRAGE**
 - APPUYEZ SUR --- **SUIVANT**
- SÉLECTIONNEZ HFM ET APPUYEZ SUR RETIRER.
- APPUYEZ SUR --- **SUIVANT**
 - APPUYEZ SUR --- **TERMINER**

STARSCAN PROCEDURES FOR 82211666

Schließen Sie das STARSCAN Werkzeug an das Fahrzeug an, folgen Sie den unten beschriebenen Schritten:

AUF DEM ERSTEN START-BILDSCHIRM

- KLICKEN SIE AUF ----- **VEHICLE PREPARATION**
 - UNTEN MARKIEREN SIE ----- **PROGRAM NETWORK CONFIGURATION**
 - KLICKEN SIE AUF --- **START**
 - KLICKEN SIE AUF --- **NEXT>**
- WÄHLEN SIE HFM UND KLICKEN SIE AUF PRESS REMOVE.
- KLICKEN SIE AUF --- **NEXT>**
 - KLICKEN SIE AUF --- **FINISH**

Collegare al veicolo lo strumento STARSCAN e seguire i passaggi successivi:

NELLA SCHERMATA DI AVVIO INIZIALE

- PREMERE ----- **PREPARAZIONE DEL VEICOLO**
 - SELEZIONARE ED EVIDENZIARE -- **PROGRAMMA CONFIGURAZIONE DI RETE**
 - PREMERE ----- **AVVIA**
 - PREMERE ----- **AVANTI**
- SELEZIONARE HFM E PREMERE RIMUOVI.
- PREMERE ----- **AVANTI**
 - PREMERE ----- **FINE**

NOTE: VEHICLES PREVIOUSLY EQUIPPED WITH U-CONNECT KIT MODULE WILL NEED PROGRAMMED SALES CODE REMOVED IN STARSCAN.

NOTA: EN LOS VEHÍCULOS DOTADOS ANTERIORMENTE CON EL MÓDULO DEL KIT U-CONNECT SE DEBE ELIMINAR EL CÓDIGO PROGRAMADO DE VENTAS UTILIZANDO LA STARSCAN.

REMARQUE: LES VÉHICULES POSSÉDANT LE MODULE DE RACCORDEMENT «U-CONNECT» DEVRONT FAIRE RETIRER LE CODE DE VENTE PROGRAMMÉ AU SYSTÈME STARSCAN.

ACHTUNG: BEI FAHRZEUGEN, DIE ZUVOR MIT EINEM U-CONNECT SATZ AUSGESTATTET WAREN MUSS ZUNÄCHST DER EINPROGRAMMIERTE VERKAUFS-CODE IN STARSCAN ENTFERNT WERDEN.

NOTA: I VEICOLI PRECEDENTEMENTE EQUIPAGGIATI CON IL MODULO U-CONNECT KIT RICHIEDERANNO LA RIMOZIONE DA STARSCAN DEL CODICE VENDITE PROGRAMMATO.
