

Police Equipment - Electrical - Sirens

Part Number 82213014AB

Police audible warning systems. Certified to meet SAE Class A and California Title XIII requirements.

Siren & Light Controller, CAN-Bus controller has 16-inputs and 16-outputs allowing for vehicle lighting control. Paired with the wire harness, vehicle functions are turned into lighting commands. Standard and Non-Standard Siren Tones are fully programmable. Lighting can be phased; sync'd, and turned on and off to create the lighting and siren output that is most effective in the work environment of the vehicle.

Install Time: 0.6 hrs.
